

RokketMed – Next Generation Health Care Platform

The Perfect Compliance Solution for the San Francisco Healthcare Security Ordinance (HCSO)

RokketMed is an "Expedia for Healthcare"-- an online marketplace, which is also available as a smartphone app, that provides education and access to a variety of local health care providers with transparent pricing for same-day care.

RokketMed's **prepaid health care debit card** allows businesses of all types to provide their employees with a health care benefit that can be used for any medical service where credit cards are accepted. From co-pays to urgent care visits, the RokketMed debit card enables access for affordable same-day and preventive care options.

RokketMed closes the information gap of where to find the **most affordable and convenient locations** to access same-day walk-in care. Consumers can search by symptoms to find nearby options with pricing. And the platform provides education and access to telemedicine, mental health, and at home labs. RokketMed's partnership with GoodRx provides the cheapest prescriptions drug options with local pharmacies.

RokketMed helps drive utilization away from high-cost emergency care to **lower cost high-quality alternative** venues of care. From immunizations to broken limbs, burns, cuts, bruises and the flu, these needs can be fulfilled via providers with upfront pricing on the RokketMed platform.

Why Choose RokketMed?

RokketMed's mobile and web-based platform provides on-demand access to primary care that allows consumers to leverage the best pricing with self-pay for providers where they live.

RokketMed's debit card restores choice to employees allowing them to utilize their health care dollars for any medical service that accepts credit cards.

RokketMed's debit card is provided at no additional cost to the required HCSO spend and RokketMed handles all the administration and distribution of the cards, which includes notifications of card balances, real-time access to account balances (for employees), quarterly and annual reporting (for employers) and more.

Providers on the RokketMed platform:

- Open 7 days a week, no appointment required
- Better consumer experience – care in 30 minutes or less
- Average cost of care \$59 – \$350
- 8,000 same day walk-in retail and urgent care nation wide
- Cheapest Prescription drugs via GoodRx
- Mental health providers treating anxiety, depression, addiction for \$15 - \$200 a month
